An authentic dialogue

I CIOTTOLI è una collezione in gres porcellanato ispirata a una particolare pietra limestone, caratterizzata dall'intrusione di elementi materici con diverse granulometrie, che regala alla superficie effetti di grande profondità e dinamismo, dal movimento leggero nella variante fondi Sabbia o più accentuato nella versione Sassi. Il fascino di un'antica pietra italiana rivive in texture contemporanee proposte in cinque colori, per pavimenti e rivestimenti estremamente versatili, dall'estetica ricercata. Le superfici acquistano una profonda matericità, grazie a una lavorazione che ne accentua gli effetti tridimensionali e variegati, mantenendo un'estetica morbida e piacevole al tatto.

I CIOTTOLI is a porcelain stoneware collection inspired by a special limestone, marked by different sized grains in the matter that give the surface great depth and dynamism, with the slightest movements in the Sabbia variant and stronger features in the Sassi version. The charm of an ancient Italian stone returns in contemporary textures proposed in five colours, for extremely versatile floor and wall coverings with sophisticated beauty. The surfaces acquire depth from a manufacturing process that helps to accentuate the variegated three-dimensional effects, for a smooth beauty that is pleasant to the touch.
